

## Elevate Tuition Management for Catholic Schools

**Financial Health Flexible tuition payments, real-time revenue insights, and happier connected families**

The tuition management process is the cornerstone of financial stability for your school and your families. With TADS Tuition Management, your school can set automated billing and reminders to encourage on-time payments and track tuition efficiently. TADS Tuition Management streamlines each step, assuring families a positive, seamless experience as well as increasing on-time payments and informed decision-making, promoting long-term financial health so you can focus on what matters most to your school and families.

“ Because it is simple to personalize tuition payment contracts, now parents come into our offices to discuss a payment plan that fits their needs

— International School of Boston

# A Unified Tuition Experience for Schools and Families

## STRENGTHEN YOUR SCHOOL'S FINANCIAL HEALTH

By having a flexible tuition payment schedule in place, schools benefit from more on-time payments, spend less time worrying over late payments, and can focus on planning for future financial needs and target growth initiatives.

## SUPPORT YOUR FAMILIES WITH TUITION PAYMENT FLEXIBILITY

Your families are unique and that includes having different financial budgetary needs. Offering families opportunities to pay tuition at a pace that meets their unique needs adds value to your relationships while ensuring more on-time payments.

## CREATE UNIQUE PAYMENT PLANS GIVING FAMILIES MORE CHOICES

Give your families more choices and customized options for paying tuition and associated costs. Families can select installment plans on a schedule of their choice and schedule automated payments using their preferred payment method. Schools can easily create grade-level tuition fees, deposits, reminders, and payment plans.

## UNLOCK REAL-TIME FINANCIAL INSIGHTS

TADS Tuition Management ensures schools can easily create customized reporting to inform long-term growth revenue initiatives and fundraising goals. TADS offers in-depth reporting to ensure your private school can see real-time data on your current student population. All financial reporting is easily integrated with QuickBooks or Microsoft Excel.

## PROVIDE CLOUD-BASED CONVENIENCE AND STRONG CUSTOMER SUPPORT

Families and staff benefit from a 24/7 user-friendly experience across all devices, including mobile phones and tablets. Our cloud-based system makes information accessible at school, at home, or on the go and offers premium data security for all financial information. Our customer support team focuses on supporting your school, family, and students at every level.

## CONNECTING YOUR ENTIRE SCHOOL COMMUNITY

The TADS Suite hosts every function a private school needs to create a successful experience from inquiry to enrollment and throughout the academic journey. A centralized platform encourages transparent communication, real-time updates, and collaborative spaces that strengthen the community's sense of belonging and involvement.

**TADS Tuition Management can also be paired with powerful Education Brands private school K-12 solutions supporting premium admissions, boosted parent communications, fund accounting, equitable financial aid, and advanced fundraising.**
