

A Guide to Tuition Management Systems for Catholic Schools

Best Practices for Tuition Success

Did you know 1 in 4 Catholic Schools in the United States use a Education Brands Solution?

A Unique, Robust Solution

TADS Billing and Tuition Management empowers your school to operate collection processes with the ultimate efficiency and flexibility. TADS provides schools with a versatile system to manage contracts, fees, grants, and discounts for families—all in one place. TADS also helps schools simplify the billing process for schools and dioceses.

CUSTOM CONTRACTS AND ON-DEMAND REVISIONS

Create custom contracts and edit them as needed. When a contract is updated, TADS will notify families.

AGREEMENT TRACKING

Get real-time access to signed contracts and those requiring follow-up.

FLEXIBLE BILLING OPTIONS

You can accommodate all payment plans, even custom plans per family. One-time ad hoc billing can be done at an individual school level or across your entire diocese.

FEE COLLECTION AND MANAGEMENT

Manage an unlimited number and type of fees and credits.

DELINQUENT ACCOUNT FOLLOW-UP

Along with reminder emails, our staff calls families with a friendly follow-up phone call if their account falls behind. TADS works with families to ensure a positive payment resolution and to help encourage future payments made easily online or via mobile for families.

ACCOUNT MAINTENANCE

TADS Flex can help school administrators achieve a high collection rate by creating a fee structure that fits their school's needs. Flex allows administrators the choice to remove those fees as needed. Alternatively, school administrators can have family fees set and collected directly by TADS.

Payment Services

DIGITAL STATEMENTS

Families can receive notifications via email and view their accounts online anytime.

Available forms of payment

- Automated clearing house (ACH)
- Mailed check or check via phone
- Cash or other payment (via the school office)
- Credit card
- Wire transfer

Detailed Reporting

INSIGHTFUL VISUAL REPORTING

TADS reports can be created at a diocese and district level through customized dashboards. This provides real-time reports available for school administration of all levels. The dashboard view ensures data is easier to comprehend and interpret, creating a reporting process that is valuable and accessible for all schools.

ACCOUNTING SUPPORT

TADS provides general ledger exports with detailed total receivables and summary aging reports. These reports can be exported from TADS and imported into several different accounting solutions, allowing you to utilize a solution that fits your needs.
